

Welcome to the September 2012 (monthly) edition of the coaching column titled '...On Line Delivery' on Henselite's website.

The theme of this column is.....

Pennant Team pep Talk

Team 'pb'

Team Goal

Compete at our 'pb' which is a maximum effort, outcome to win

'pb' team

Win 2 rinks minimum

No rink to lose by >10 shots

Is an 8 players team, i.e. outside rink + neighbouring rink to support one another

Pb = praise bowls

Lets record our contributions for each of the 42 deliveries for all players as

(/) = successful, (-) = unsuccessful

'pb' leads & 2nds

2/4 bowls from duo within ML in head

Do this 15/21 ends

Which is mini monitored as 3/5 ends

'pb' Skips, 3rds

Win 11/21 ends

Approximates as 3/5 ends

Skips to meet rink team every 5 ends to assess 'pb'

'pb' final 5 ends

Which rink team will have the most 'pb' for their first delivery over final 5 ends

Which rink will accumulate the most (/) for these 5 ends

Which rink will win the most ends for these 5 ends

The end is not the end until after the final end

'pb' players

Which team member will have the most 'pb' for their first delivery over 21 ends

Which player will accumulate the most (/) for the team

Which rink will accumulate the most (/) for the team

Which rink will accumulate the most ends won for the team

Which rink will accumulate the most winning shots for the team

Which rink will accumulate the least shots for the team

Enjoy the read.
